

Rodamos

🌿 *Guesthouse* 🌿

Our story and the brand

Rodamos Guesthouse was founded in 2008 through the passion of a local family. We started in early 2000 with a small rental house in Taxiarchis village and gradually grew to this unique Macedonian guesthouse.

We unravel a homemade story which is built on two core beliefs:

- Promote the natural beauty of Chalkidiki and specifically Cholomontas mountain via its unique high quality local products.
- Provide warm and cozy hospitality to every guest.

The brand is launched as an extension of our own home: we cook in our kitchens as we cook in our own house and we welcome you to the lobby as we would in our living room. For our family, all customers are our guests and we offer them a unique experience of relaxation and tranquility, with our best smile!

We truly respect the ecosystem that surrounds us! We only use what is needed of the environment and never make unnecessary use of materials.

Branding and communications

What does “Rodamos” mean?

In the local dialect, **rodamos** is the bloom of the pine trees during the spring months. Back in 2008, driven by passion and intuition, we chose this name in order to symbolize the new era.

Why did we use a tree as our logo?

The regional forest of Cholomontas mountain is supported by deciduous trees, mainly beech and oak. To honor local flora we chose a linear design of an oak as the basic visual element, within a full-flowing cycle.

Our family is a link to the past and the basic foundation for our future growth

Mission and Vision

Mission

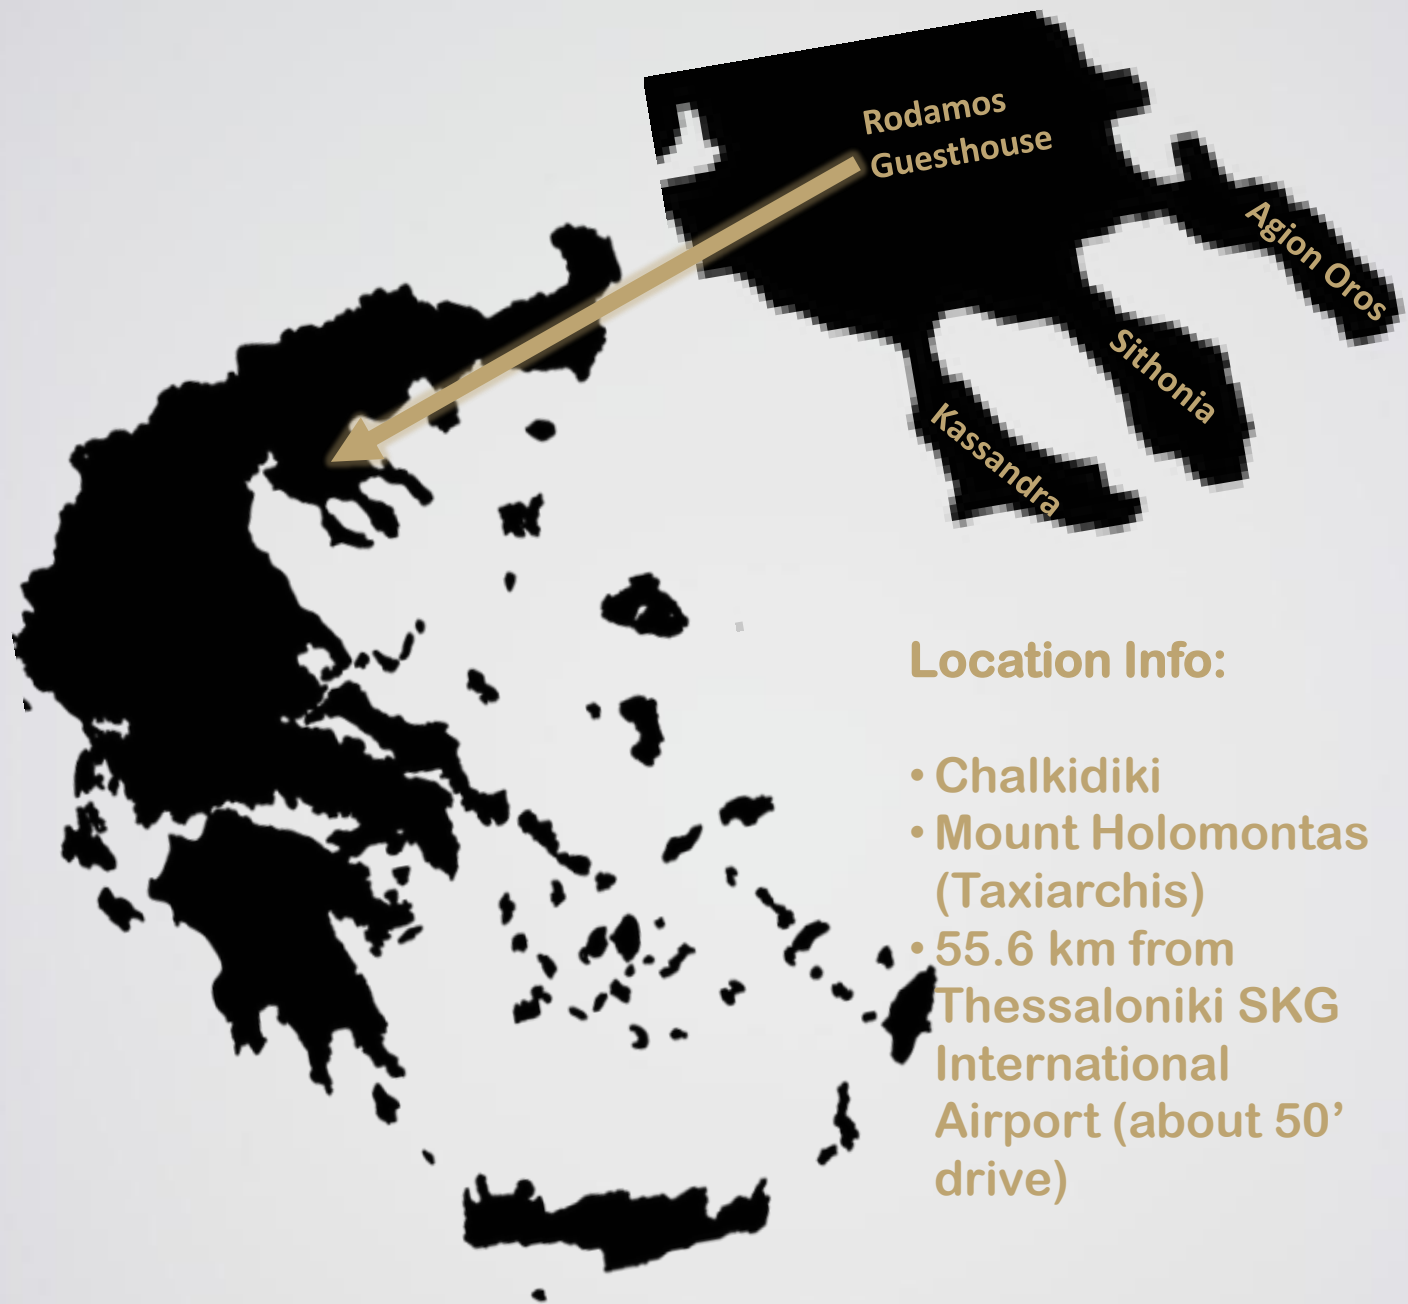

We want Rodamos to be envisioned as the place where stories and magic happens.

Vision

We aim to the constant development of our services and products and the improvement of our excellence and novelty.

Location

Location Info:

- Chalkidiki
- Mount Holomontas (Taxiarchis)
- 55.6 km from Thessaloniki SKG International Airport (about 50' drive)

Direction to the hotel:

The journey from SKG Thessaloniki International Airport lasts 50 minutes by car. From the airport you should follow the signs towards Polygyros (capital of Halkidki), then turn left to Palaiokastros village and follow the signs towards Rodamos Guesthouse

For nature lovers

Holomontas Mountain

Holomontas mountain is a NATURA 2000 protected area because of its natural beauty and biodiversity. It is one of the thickest forests in Greece and holds a hidden treasure – Varvara waterfalls. Holomontas is the ideal escape for visitors who want to experience the nature, collect mushrooms, mountain bike or just walk in the woods.

The closest beach

In just 29 km (or 30 min drive) is the first beach signed with “blue flag”. Yerakini has been the port of Polygyros (capital of Chalkidiki) for centuries.

The local landscape

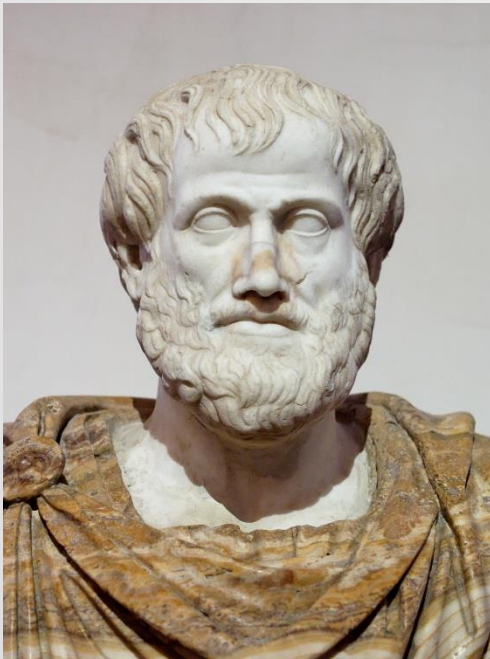

The agriculture of Christmas trees, planted by seed in farmlands (trees are not cut from the forest) are a must see for every visitor. The road to Rodamos Guesthouse is surrounded by the sight and scent of dark-green spruce.

For culture lovers

Agion Oros

An independent state, Agion Oros consists of 20 Greek Orthodox monasteries. It is inhabited by 2.000 monks and it's the only monastic state in Europe, one of very few in the world! A cruise around Agion Oros is for sure once in a lifetime experience.

Aristotle's Birthplace

Stagira is known as the birthplace of Aristotle. Today, guests can visit the remaining ancient city and Aristotle's park with its interactive instruments displaying the laws of physics, as described in his books.

For sports lovers

From yachting to trekking, from SUP to canoe, from mountain bike to water ski. Chalkdiki offers a wide range of sport activities to get you outside the comfort zone or find your inner peace.

Top professionals will guide and help you through every experience.

Yoga retreats

In the tranquility of the mountain, meditation becomes more essential and contact with nature promotes our inner peace. The choice of Rodamos by many Yoga groups shows that our business is the ideal place for demanding spiritual and physical activities. The ancient philosophy of yoga meets the mountainous nature of Chalkidiki.

For families and couples

Small children running on the bright green lawn or playing hide-and-seek in the trees is a common sight in our backyard. Families and pets are always welcome to spend some days relaxing – or make some fuss!

Short weekend escapes from the city are preferred by couples, especially those who seek an alternative experience in nature or simply a relaxing break from the urban lifestyle.

Rodamos' capabilities

Relaxing living

In a just 50 min drive from Thessaloniki, the second largest city of Greece, Rodamos Guesthouse is an ideal place for relaxation especially in summer months. Temperature rarely rises above 30 degrees Celsius.
